PREFACE

Despite broad coverage of international relations in a variety of reference sources, there is currently no bibliography available that provides full Canadian coverage of the issues of international peace and security.

Recognizing this gap in reference tools, the Information Services section of the Canadian Institute for International Peace and Security decided in 1988 to produce a bibliography that would meet this need.

We hope this annual bibliography will prove useful to all those pursuing knowledge and understanding of the areas of international peace and security from a Canadian perspective.

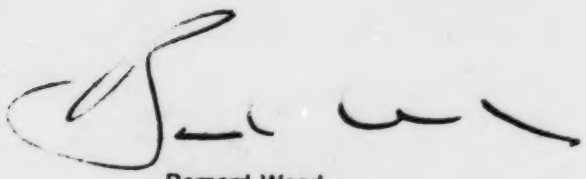
INTRODUCTION

Même si les relations internationales sont souvent citées dans divers ouvrages de référence, il n'existe actuellement aucune bibliographie qui fasse l'inventaire complet de toutes les sources canadiennes de documentation sur les questions relatives à la paix et à la sécurité internationales.

Conscients de cette lacune dans le domaine des outils de référence, les Services d'Information de l'Institut canadien pour la paix et la sécurité internationales ont décidé en 1988 de constituer une bibliographie répondant à ce besoin.

Nous espérons que cette bibliographie annuelle s'avérera utile pour tous ceux et celles qui cherchent à étendre leurs connaissances et leur compréhension dans les domaines de la paix et de la sécurité internationales envisagés d'un point de vue canadien.

Le Directeur général



Bernard Wood
Chief Executive Officer

CANADIAN INSTITUTE FOR INTERNATIONAL PEACE AND SECURITY

The Canadian Institute for International Peace and Security was created by an act of the Parliament of Canada in 1984 to increase knowledge and understanding of the issues relating to international peace and security from a Canadian perspective.

Its mandate is to:

a) foster, fund and conduct research on matters relating to international peace and security;

b) promote scholarship in matters relating to international peace and security;

c) study and propose ideas and policies for the enhancement of international peace and security; and,

d) collect and disseminate information on, and encourage public discussion of issues of international peace and security.

For information on the Institute, its services and programmes, please contact:

The Canadian Institute for International Peace and Security
360 Albert Street
Suite 900
Ottawa, Ontario

INSTITUT CANADIEN POUR LA PAIX ET LA SÉCURITÉ INTERNATIONALES

L'Institut canadien pour la paix et la sécurité internationales a été fondé en vertu d'une loi de la Chambre des communes qui est entrée en vigueur le 15 août 1984. L'Institut a pour mission d'accroître la connaissance et la compréhension de questions relatives à la paix et à la sécurité internationales d'un point de vue canadien, particulièrement en matière de limitation des armements, de désarmement, de défense et de solution des conflits, ainsi que:

a) de stimuler, subventionner et poursuivre des recherches en matières de paix et de sécurité internationales;

b) de stimuler les travaux de haut niveau en matière de paix et de sécurité internationales;

c) de faire des études et proposer des idées et politiques pour le progrès de la paix et de la sécurité internationales;

d) de recueillir et diffuser des informations et encourager des débats publics sur les questions relatives à la paix et à la sécurité internationales.

Pour plus d'information sur les programmes et services de l'Institut, vous êtes prié de nous contacter à l'adresse suivante:

L'Institut canadien pour la paix et la sécurité internationales
360 rue Albert
bureau 900
Ottawa (Ontario)
Canada

USER'S GUIDE

Purpose and scope of the bibliography

The aim of this bibliography is to increase access to Canadian information on international peace and security issues, in both the French and the English languages. Peace and security issues focus primarily on arms control, disarmament, defence and conflict resolution.

At the same time, we include non-Canadian sources if they are written by a Canadian, are about Canada and international peace and security, or have substantial content in one of the four main areas.

Articles of a technical nature are not usually included, except to keep abreast of general developments, or unless pertaining to weapons involved in important policy decisions or arms control issues.

Sources consulted

The sources used are held in the library of the Canadian Institute for International Peace and Security. These include both Canadian and non-Canadian periodicals, of a general, academic and technical nature. Literature usually only available outside the regular publication and distribution channels, such as many government documents, theses, conference papers and organizational newsletters, is also included.

The government documents monitored are made up of a select number of those from departments which cover the subject area: in particular, statements, speeches and news releases from the Department of External Affairs, as well as the Canadian Foreign Policy series from that department, and news releases from the Department of National Defence.

GUIDE DE L'USAGER

Objet et portée de la bibliographie

La présente bibliographie vise à rendre plus accessibles les sources canadiennes d'information sur les questions relatives à la paix et à la sécurité internationales, tant en français qu'en anglais. Dans les domaines de la paix et de la sécurité, la bibliographie est axée essentiellement sur la limitation des armements, le désarmement, la défense et le règlement des conflits.

La bibliographie comprend, en outre, des ouvrages non canadiens, s'ils ont été rédigés par des Canadiens, s'ils portent sur le Canada dans le contexte de la paix et de la sécurité internationales ou s'ils traitent de façon assez exhaustive de l'un des quatre domaines susmentionnés.

Les articles à caractère technique ne sont habituellement pas inclus, à moins de renfermer de l'information sur les nouveautés en général ou de traiter d'armes qui font l'objet d'importantes décisions de principe ou de mesures de limitation des armements.

Sources consultées

Les sources consultées sont conservées à la bibliothèque de l'Institut canadien pour la paix et la sécurité internationales. La collection comprend des périodiques canadiens et étrangers à caractère général, spécialisé ou technique. La bibliographie contient également des textes et documents que l'on trouve le plus souvent en dehors des circuits habituels de publication et de distribution, tels que de nombreux documents officiels, des thèses, des documents de conférence et des bulletins d'organisation.

Les documents officiels consultés sont constitués d'un nombre déterminé de documents choisis au sein des ministères oeuvrant dans le domaine en question; en particulier, des déclarations, des discours et des communiqués émanant du ministère des Affaires extérieures, ainsi que leur série entitulée Politique étrangère

Theses are an exception to the rule, and are not all found in this library. Theses included refer only to those at the Masters and Doctoral level. Thanks are due to Michael Slack of the *Centre for International and Strategic Studies*, York University and Manon Tessier of the *Centre québécois de relations internationales* for their contribution of theses listings.

Time period covered

This volume covers materials published in 1990. Exception is made for theses, which may be several years older.

Updates are produced on an annual basis.

Arrangement

Entries are listed in alphabetical order by subject. Under each subject, arrangement is alphabetical by author; if there is no author, entries are listed alphabetically by title.

Each entry has been assigned an average of four to six subject terms. These terms are taken from the Institute's *Peace and Security Thesaurus*, and are listed on p. 15.

Use of the thesaurus in conjuction with the bibliography is strongly recommended. The user is much more likely to discover all the terms relevant to a search by using the logical arrangement of the thesaurus, as opposed to the simple alphabetical arrangement of terms in the bibliography. It is especially useful for non-specialists less familiar with the terminology of the field.

This thesaurus is available from the Institute at a cost of $10.00. It can be used in conjunction with the bibliography, as a glossary, or as an aid in classifying peace and security collections.

canadienne, et des communiqués provenant du ministère de la Défense nationale.

L'inclusion des thèses est exceptionnelle, et celles qui figurent dans la bibliographie ne sont pas toutes conservées dans la bibliothèque. Les thèses incluses sont rédigées par des étudiants au niveau de la maîtrise ou du doctorat. Nous remercions Michael Slack du *Centre d'études internationales et stratégiques* de l'Université York et Manon Tessier du *Centre québécois de relations internationales* pour leur contribution à l'établissement de ces listes.

Périodes envisagées

Les documents figurant dans le présent volume ont été publiés en 1990. Les thèses peuvent toutefois remonter à plusieurs années.

Des mises à jour annuelles sont publiées.

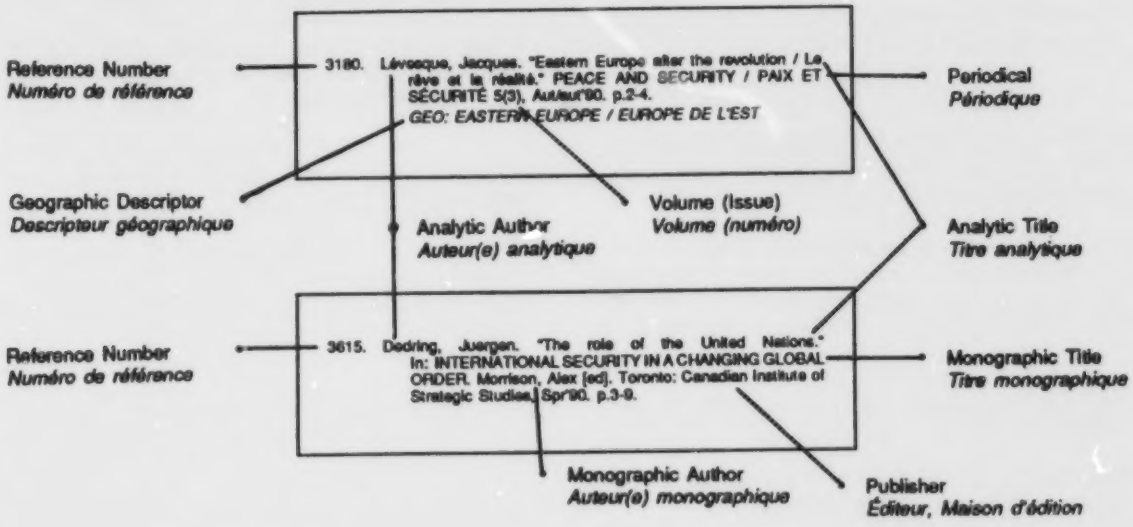
Disposition

Les entrées sont classées par sujet, par ordre alphabétique. Pour chaque sujet, les entrées sont classées par ordre alphabétique des auteurs; s'il n'y a pas d'auteur, les entrées sont classées par ordre alphabétique du titre. On a attribué une moyenne de quatre à six rubriques par entrée. Ces rubriques sont tirées du *Thésaurus de la paix et de la sécurité*, et une liste apparaît à la page 15.

Nous recommandons vivement l'utilisation du thésaurus au moment de la consultation de la bibliographie. L'utilisateur aura beaucoup moins de difficulté à trouver tous les termes se rapportant à sa recherche en suivant la disposition logique du thésaurus plutôt qu'en suivant simplement la séquence alphabétique de la bibliographie. Cette méthode est particulièrement utile pour ceux qui ne sont pas des spécialistes du domaine et connaissent moins bien la terminologie utilisée.

Ce Thésaurus est disponible à l'Institut au coût de 10.00 $. Il peut servir parallèlement à la bibliographie, comme glossaire, ou pour classer des collections d'ouvrages en matière de paix et de sécurité.

SAMPLE ENTRIES / ÉCHANTILLONS D'ENTRÉES



Indexes

The Geographic index is arranged alphabetically by country or region.

There is both an English-language and a French-language geographic index. For entries in English, use the English-language index; for French-language entries, use the French-language index.

Entry numbers listed after the country name or region direct the user to citations listed numerically in the bibliography. Citations can be repeated a number of times under different subject terms. The entry under 'Canada' has been left out because there are too many entries to be useful.

The author index lists each author (individual or corporate) in alphabetical order. Entry numbers listed after the author's name direct the user to citations listed numerically in the bibliography. Citations can be repeated a number of times under different subject terms.

This index includes only authors who are responsible for a publication; organizations which act as publishers are not listed. If a publication cites both an individual and an organization as author, only the individual is listed.

Index

L'index géographique est organisé alphabétiquement par pays et par régions.

Cette bibliographie possède à la fois un index géographique français et un index géographique anglais. Pour les entrées de langue française, veuillez vous référer à l'index en français, de même, pour les entrées de langue anglaise, veuillez vous référer à l'index en anglais.

Les numéros qui suivent le nom du pays ou de la région renvoient directement le lecteur aux entrées numériques dans la bibliographie. Les différentes entrées peuvent apparaître à plusieurs reprises, sous différentes vedettes-matière. Le terme géographique 'Canada' a été omis parce qu'il y avait trop d'entrées pour être utile.

L'index des auteurs est lui aussi alphabétique (par auteur ou organisme). Les numéros qui suivent le nom de l'auteur ou de l'organisme renvoient directement le lecteur aux entrées numériques dans la bibliographie.

Si une publication porte à la fois le nom d'un organisme et d'une personne, uniquement le nom de cette personne a été inclus dans la bibliographie.

Updates

Additions to this bibliography are made daily, and searches are available free of charge from the Institute's database.

To receive the annual update, use the order form at the back of the publication.

How can you obtain the documents from this bibliography?

If you are unable to obtain the documents listed in this bibliography from your local or regional library, or through interlibrary loan, the library at the Institute will provide a photocopy service.

Requests are limited to five documents at a time, with a charge of $.50 per page, plus postage.

The library will provide only one copy per article for an individual's private research.

The library can be reached :

By mail, at:

Evaluation

Comments and suggestions on the scope, contents or format of the bibliography are welcomed.

Mises à jour

De nouveaux titres sont ajoutés quotidiennement à cette bibliographie, et l'Institut peut effectuer gratuitement des recherches à partir de sa base de données.

Veuillez remplir la formule à la fin de la présente publication si vous désirez obtenir une mise à jour annuelle.

Comment vous procurer les ouvrages cités dans cette bibliographie ?

Si vous ne trouvez pas les ouvrages cités dans cette bibliographie à la bibliothèque de votre quartier ou de votre région ou par le moyen du prêt entre bibliothèques, la bibliotnèque de l'Institut dispose d'un service de photocopie.

Vous ne pouvez demander que cinq documents à la fois; le prix est de 0,50 $ par page, plus l'affranchissement.

La bibliothèque ne fournit qu'un seul exemplaire d'un article pour les individus faisant leur propre recherche.

Comment communiquer avec la bibliothèque?

Par la poste, au:

GEOGRAPHIC INDEX (ENGLISH)
INDEX GÉOGRAPHIQUE (ANGLAIS)

The Geographic index is arranged alphabetically by country or region.

There is both an English-language and a French-language geographic index. For entries in English, use the English-language index; for French-language entries, use the French-language index.

Entry numbers listed after the country or the region name direct the user to citations listed numerically in the bibliography. Citations can be repeated a number of times under different subject terms. The entry under 'Canada' has been left out because there are too many entries to be useful.

INDEX GÉOGRAPHIQUE (FRANÇAIS)
GEOGRAPHIC INDEX (FRENCH)

L'index géographique est organisé alphabétiquement, par pays et par régions.

Cette bibliographie possède à la fois un index géographique français et un index géographique anglais. Pour les entrées de langue française, veuillez vous référer à l'index en français, de même, pour les entrées de langue anglaise, veuillez vous référer à l'index en anglais.

Les numéros qui suivent le nom du pays ou de la région renvoient directement le lecteur aux entrées numériques dans la bibliographie. Les différentes entrées peuvent apparaître à plusieurs reprises, sous différentes vedettes-matière. Le terme géographique 'Canada' a été omis parce qu'il y avait trop d'entrées pour être utile.

AUTHOR INDEX
INDEX DES AUTEURS

The author index lists each author (individual or corporate) in alphabetical order. Entry numbers listed after the author's name direct the user to citations listed numerically in the bibliography. Citations can be repeated a number of times under different subject terms.

This index includes only authors who are responsible for a publication; organizations which act as publishers are not listed. If a publication cites both an individual and an organization as author, only the individual is listed.

L'index des auteurs est lui aussi alphabétique (par auteur ou organisme). Les numéros qui suivent le nom de l'auteur ou de l'organisme renvoient directement le lecteur aux entrées numériques dans la bibliographie

Si une publication porte à la fois le nom d'un organisme et d'une personne, uniquement le nom de cette personne a été inclus dans la bibliographie.
